

It's time to stop the secondhand in our schools.

Every second our children are
exposed to secondhand smoke,
their health is in danger.

It's against the law for anyone, including teachers and
parents, to use tobacco products on school property.

Secondhand smoke can make a child sick and can
cause asthma, ear infections and respiratory illness.

**STOP THE
SECONDHAND**

To report smoking on school property,
call Stop the Secondhand at
1-800-992-1895. It's anonymous.

MASSACHUSETTS
DEPARTMENT
OF PUBLIC HEALTH

Make smoking history.
